# LOCAL FOOD

## Northwest Illinois 2024 Directory

Compiled by the Northwest Illinois Audubon Society  
and the University of Illinois Extension Stephenson County

**Purchasing from the local farmers is a great way to support local farmers and promote environmentally friendly practices.**

**Each purchase that you make from a local farmer helps to keep your community connected and thriving.**

**Get to know your local farmer and learn more about how your food is produced.**

## Local Farmers' Markets

Farmer's markets are the best place to access a wide variety of local foods. Nearly every community in Northwest Illinois has one or more markets established. Because market days, times and locations often change within the year, instead of listing each individual market, we urge you to contact the University of Illinois Extension Office at 815-235-4125.
